

ABOUT US

Consolidated Laundry: Proudly Serving NC, SC & VA Since 1968

For more than 40 years, Consolidated Laundry Equipment Inc. has provided exceptional commercial laundry equipment and services to areas throughout North Carolina and Virginia, earning us the reputation as an industry leader.

Consolidated Laundry has managed to maintain a high level of success and notoriety in the commercial laundry equipment business due to our skilled technicians and parts specialists, expert sales representatives, and first-class customer service.

We Rent and Sell the Best Equipment in the Commercial Laundry Industry

From on-premises laundry (OPL) products to our broad line of used equipment, Consolidated Laundry provides some of the commercial laundry industry's top-selling devices. Need parts? Our skilled part specialists can assist you no matter your location within the U.S.

INTEGRA®

Why You Should Be Using The INTEGRA System®

Liquid concentrated capsules are inverted - 100 % of the product is dispensed.

Modular system - capsules are placed where they are easier to view and change.

Continuous feed reservoir with 8 oz. receptacle - keeps flowing while changing capsules.

Wall-mounted system - Improved sanitation and better view of product levels.

Compact capsules for easy storage. Empty capsules are completely recyclable.

Capsules are sealed until/during use - promotes employee safety.

One gallon and half gallon capsules - lighter weight for reduced back injuries.

Secondary product containment safety shield for added safety.

Systems / products for all areas - Kitchen, Laundry and Housekeeping.
